

KADCOS Lubaga Co-operative Society

" We provide financial and non-financial services to members in an efficient, affordable and sustainable manner "

INTERNAL MEMORANDUM

TO: Senior Accountant, KADCOS Lubaga Cooperative Society

FROM: Amos Muhanguzi, IT & Marketing Officer

DATE: October 2, 2026

SUBJECT: Proposal for Staff Training Plan & System Onboarding (KADCOS Lubaga MIS)

Overview

Following the official approval of the KADCOS Lubaga Management Information System (MIS), I submit this training proposal for inclusion in the upcoming **End-of-Month Staff Meeting**.

The objective of this 1-hour hands-on session is to equip HODs, accounting staff, and operational officers with the practical skills required to run, navigate, and maintain member records accurately within the new system.

Session Details & Schedule

- **Proposed Date:** End-of-Month Staff Meeting
- **Duration:** 1 Hours (60 Minutes)
- **Target Audience:** Heads of Department (HODs), Senior Accountant, Accountant, Bookkeeper, and Operational Staff
- **Requirements:** Projector setup, internet connection, and staff laptops/devices for practical exercises

Module-by-Module Breakdown

Module 1: System Access, Security Rules & Password Management (10 Minutes)

- **Objective:** Ensure all staff can securely access the platform and understand basic credential management.
- **Content & Practical Exercises:**

- **System Access:** Logging into the live platform using assigned default credentials.
- **Role-Based Security Overview:** Demonstrating the operational boundaries separating daily staff views from administrative management tools.
- **Audit Log Awareness:** Reviewing how user activities are logged for data protection and internal control compliance.

Module 2: Member Registration, Photo Uploads & Automated Email Dispatch (30 Minutes)

- **Objective:** Master the core workflow of capturing new member records and managing client notifications.
- **Content & Practical Exercises:**
 - **Data Entry Standards:** Completing mandatory registration fields (Full Name, Phone Number, Email, NIN, Address, Member Reference) accurately.
 - **Media Uploads:** Attaching member profile photos and verifying their automatic upload to Cloudinary storage.
 - **Instant Welcome Emails:** Demonstrating the automated trigger that dispatches branded registration welcome messages via the Brevo HTTP API from our official domain sender (info@kadcoslubaga.co.ug).
 - **Handling Incomplete Inputs:** Understanding form validation rules to prevent corrupt or partial data entries.

Module 3: Member Directory, Search Filters & Individual Profile Printing (10 Minutes)

- **Objective:** Enable staff to quickly retrieve member information, edit records, and print hardcopy summaries.
- **Content & Practical Exercises:**
 - **Search & Filter Operations:** Searching for registered members using Member Reference Numbers, Names, National IDs, or Phone Numbers.
 - **Editing Bio-Data:** Updating existing member profile details when records change (e.g., phone number or address updates).
 - **Printable Profile Views:** Generating clean, formatted individual member profile summaries for physical filing or member distribution.

Module 4: Data Exportation & 2-Week Parallel Run Standard Operating Procedures (10 Minutes)

- **Objective:** Train staff on extracting bulk operational reports and managing the transition period from manual books to digital records.
- **Content & Practical Exercises:**
 - **Multi-Format Data Exports:** One-click generation and downloading of full or filtered membership directories in **Excel (.xlsx)**, **CSV (.csv)**, and **PDF (.pdf)** formats.
 - **2-Week Parallel Run SOPs:** Clear guidance on operating the dual-logging framework (entering new data in both the web application and hardcopy registers for two weeks following training to ensure zero data loss during verification).
 - **Issue Escalation:** Procedures for reporting system feedback, cold-start latency tips, and operational support during the transition period.

Next Steps & Coordination

Kindly confirm the allocation of this 1-hour slot in the meeting agenda so I can finalize the practical training summary.

Thank you for your continued support in advancing our cooperative's digital transformation.
